Dear Parent/Carer

UNIFORM – GIRLS' SKIRTS

We have been very impressed with the quality of school uniform our students have demonstrated upon their return to school. As you know maintaining a good standard of uniform demonstrates that our students are taking pride in their appearance and that they are ready for a day of learning.

One expectation of the Academy is that the length of girls' skirts is appropriate and business like. We have an expectation that skirts are knee length as indicated on the Academy website.

I am sure you wish to support the Academy and your daughter in ensuring that they are meeting this expectation and in light of this can you please ensure that your daughter's skirt conforms to the expectation upon their return from the half term break.

Thank you for your continued support. Should you wish to discuss the matter further, please contact your daughter's learning tutor.

Yours sincerely

MR R DONNISON
Assistant Principal
